👉 **Department of Atomic Energy (DAE) Approves ASHVNI for Building Nuclear Plants and Transfers Mahi Banswara Project in Rajasthan.**

The Department of Atomic Energy (DAE) has approved ASHVNI for the construction of nuclear plants in India, marking a significant step in the country's energy sector. ASHVNI (Atomic Society for Harnessing Vital Nuclear Initiatives) is a company or organization working in the field of nuclear energy in India. This decision aims to enhance the nation's nuclear capabilities and address the growing energy demands. Additionally, the DAE has transferred the Mahi Banswara project in Rajasthan to ASHVNI, facilitating its development. This project is expected to contribute to regional energy supply and bolster infrastructure. The move reflects India's commitment to expanding its nuclear energy portfolio while promoting sustainable and reliable energy sources for the future.

The approval supports India's strategic aim to enhance energy security through diversified energy sources, including nuclear power.

ASHVNI will focus on advanced technologies to ensure safety and efficiency in nuclear plant operations.

About Department of Atomic Energy (DAE),

Founder: Homi J. Bhabha

Chairman: Ajit Kumar Mohanty

👉 **Union Minister Rajiv Ranjan Singh launched the 'Amrit Katla' initiative at the Indian Council of Agricultural Research and Central Freshwater Fisheries Institute in Bhubaneswar.**

Union Minister Rajiv Ranjan Singh on Thursday launched 'Amrit Catla', a genetically improved variety of Catla fish initiative, at the Central Institute of Freshwater Aquaculture (ICAR-CIFA) here on Thursday. Speaking at the event, Singh emphasised the ministry's dedication to advancing research initiatives in the fisheries sector, promising substantial support for sustainable growth and productivity enhancement. The Minister for Fisheries, Animal Husbandry and Dairying said CIFA has been designated as the nucleus breeding centre for freshwater fish by the ministry, reinforcing its role in producing high-quality fish seed in India.

'Amrit Catla' aims to enhance fish productivity and sustainability in aquaculture practices across India.

The initiative supports farmers by providing better fish varieties for increased income and livelihood opportunities.

👉 **Lieutenant Governor of Ladakh, Buddhichandra (BD) Mishra, Inaugurates the 9th Ladakh Zanskar Festival 2024 in Sani.**

Lieutenant Governor of Ladakh, Buddhichandra (BD) Mishra, inaugurated the 9th Ladakh Zanskar Festival 2024 in Sani. The festival aims to promote the rich cultural heritage of the Zanskar Valley, showcasing local traditions, art, and cuisine. In his opening remarks, Mishra emphasized the importance of preserving cultural identity and fostering tourism in the region.

The event features various activities, including folk performances, craft exhibitions, and culinary contests, attracting both locals and tourists. This year's festival is expected to strengthen community bonds and highlight the unique cultural tapestry of Ladakh, making it a significant event in the region's calendar.

The festival showcases traditional Ladakhi music and dance, enhancing cultural exchange among participants and visitors alike.

Local artisans display their crafts, providing a platform for economic growth and preserving indigenous skills in the region.

👉 From 15th to 17th September 2024, PM Narendra Modi was on a visit to three states aimed at boosting infrastructure, health, and education initiatives.

From 15th to 17th September 2024, PM Narendra Modi visited Jharkhand, Gujarat, and Odisha to boost infrastructure, health, and education initiatives. During his visit, he reviewed the progress of key development projects, focusing on enhancing regional infrastructure and improving healthcare and educational facilities. The Prime Minister inaugurated new industrial zones and launched various public welfare schemes aimed at promoting economic growth. He also held discussions with state officials and local communities to address specific challenges and explore growth opportunities. This tour was part of the government's continued efforts to accelerate development across different regions of the country.

The Prime Minister emphasized the importance of collaboration between the central and state governments to ensure effective implementation of development projects.

Local community engagement was highlighted as a crucial factor in addressing regional issues and tailoring solutions to specific needs.

👉 M. Ravichandran, Secretary of the Ministry of Earth Sciences (MoES), Unveils Integrated Ocean Energy Atlas of the Indian National Centre for Ocean Information Services (INCOIS).

M. Ravichandran, Secretary of the Ministry of Earth Sciences (MoES), recently unveiled the Integrated Ocean Energy Atlas at the Indian National Centre for Ocean Information Services (INCOIS). This comprehensive atlas aims to enhance the understanding of ocean energy resources along India's vast coastline. It integrates data on various oceanic energy sources, including wave, tidal, and thermal energy, providing valuable insights for researchers, policymakers, and stakeholders in the renewable energy sector. The initiative underscores India's commitment to harnessing ocean resources sustainably and promoting renewable energy development to meet the country's growing energy demands and environmental goals.

Integrated Ocean Energy Atlas provides vital data for policymakers to make informed decisions about renewable energy development.

Increased awareness of ocean energy resources can lead to improved conservation efforts and environmental protection initiatives.

About INCOIS,

Director : Tummala Srinivasa Kumar
Headquarters: Hyderabad ,Telangana.

👉 On September 20, 2024, PM Modi visited Maharashtra to inaugurate key infrastructure projects designed to boost regional development and improve connectivity.

On September 20, 2024, Prime Minister Narendra Modi visited Maharashtra to inaugurate several key infrastructure projects aimed at accelerating the state's development. The projects include new highways, bridges, and urban development initiatives designed to improve connectivity and boost economic growth. During the visit, PM Modi emphasized the importance of infrastructure in enhancing the quality of life for citizens and driving India's economic progress. These projects are expected to facilitate smoother transportation, reduce travel times, and create new opportunities for businesses and industries in Maharashtra, making it a crucial step in the state's ongoing modernization efforts.

The visit reflects the government's focus on improving Maharashtra's infrastructure to strengthen the state's economic position.

PM Modi interacted with local leaders and emphasized the importance of public participation in development initiatives.

👉 Union Minister Amit Shah Launches Standard Operating Procedures (SOPs) for White Revolution 2.0 to Boost Indian Dairy Sector.

Union Minister Amit Shah has launched the Standard Operating Procedures (SOPs) for White Revolution 2.0, aimed at revitalizing the Indian dairy sector. The initiative focuses on enhancing milk production and promoting dairy farming through improved technology and better practices. The SOPs are designed to address challenges faced by dairy farmers and ensure better quality control, thus benefiting both producers and consumers. Shah emphasized the importance of the dairy sector in boosting rural livelihoods and achieving self-sufficiency in milk production. This initiative is expected to strengthen the economy and empower farmers across the country.

Investment in modern dairy technology will enhance productivity, ensuring better income for farmers and improved milk quality for consumers.

Collaboration between government and dairy cooperatives can lead to innovative solutions, increasing market access for small farmers.

👉 Ayushman Bharat PM-JAY Celebrates 6 Years of Successful Implementation.

PM-JAY(Pradhan Mantri Jan Arogya Yojana) is a flagship health insurance scheme launched by the Government of India in 2018, aimed at providing affordable healthcare to economically disadvantaged families. As it completes six years of successful implementation, PM-JAY has significantly transformed the healthcare landscape in India. The scheme has facilitated access to quality medical services for over 10 crore beneficiaries, covering hospitalization costs for a wide range of treatments. Its focus on financial protection has helped reduce out-of-pocket

expenses for families, ensuring they receive timely medical care. The initiative continues to strengthen India's commitment to universal health coverage.

The scheme promotes preventive healthcare, encouraging regular check-ups and early diagnosis to improve overall community health.

PM-JAY strengthens healthcare infrastructure by collaborating with private hospitals, ensuring better services and facilities across regions.

👉 **7th National Sample Survey Office (NSSO) Annual Periodic Labour Force Survey (PLES) Unemployment Rate Remains Unchanged at 3.2% for July 2023 to June 2024.**

The 7th Annual Periodic Labour Force Survey (PLES) conducted by the National Sample Survey Office (NSSO) has revealed that the unemployment rate in India remains unchanged at 3.2% for the period from July 2023 to June 2024. This consistent rate suggests stability in the job market despite various economic challenges. The PLES aims to provide detailed insights into employment trends, labor force participation, and other key labor metrics, helping policymakers and researchers understand the dynamics of the Indian workforce. The NSSO continues to play a vital role in informing economic policies and addressing employment issues in the country.

Stability in the unemployment rate suggests effective employment policies may be maintaining job security in the economy.

Continuous monitoring of labor market trends is essential for addressing employment challenges and improving workforce participation.

👉 **Simultaneous polls plan gets Union Cabinet approval.**

The Union Cabinet has approved a plan for conducting simultaneous elections across India. This initiative aims to streamline the electoral process by holding Lok Sabha, state legislative assembly, and local body elections at the same time. The proposal is intended to reduce election costs, save time, and minimize disruptions caused by frequent polls. The government believes that simultaneous elections will also improve governance and reduce the burden on security forces during multiple election phases. The next step involves discussions with various political parties and stakeholders to ensure smooth implementation of this ambitious plan.

The plan for simultaneous elections is expected to promote political stability across the nation.

Implementing simultaneous elections may require constitutional amendments to align different electoral cycles.

👉 **Atishi Marlena Sworn in as the 8th Chief Minister of Delhi or Aam Aadmi Party (AAP) Celebrates a Historic Leadership Change.**

Atishi Marlena was sworn in as the 8th Chief Minister of Delhi, marking a significant moment in the city's political landscape. The ceremony was attended by various dignitaries and supporters of the Aam Aadmi Party (AAP), which celebrated this historic leadership change. Atishi Marlena, known for her dedication to education and social reforms, succeeds Arvind Kejriwal, the party's

founder. In her inaugural address, she emphasized her commitment to continuing the party's vision of transparent governance and public welfare. This transition reflects AAP's evolving leadership and aims to address the challenges facing Delhi, including infrastructure, healthcare, and education.

Atishi's Marlena leadership is expected to bring fresh perspectives to Delhi's governance, focusing on innovation and community engagement.

The AAP aims to strengthen its educational reforms and improve healthcare services under Atishi's guidance as Chief Minister.

About AAP,

Chairperson : Arvind Kejriwal

Founded: 2 October 2012

👉 Union MoS for Health & Family Welfare, Prataprao Jadhav, Launches 'Tobacco-Free Youth Campaign 2.0'.

Union Minister of State for Health and Family Welfare, Prataprao Jadhav, launched the 'Tobacco-Free Youth Campaign 2.0' to curb tobacco use among young people in India. The initiative focuses on raising awareness about the harmful effects of tobacco and encourages youth to lead a healthy lifestyle. Through various outreach programs and partnerships, the campaign aims to empower young individuals to make informed decisions regarding their health and avoid tobacco products. Jadhav emphasized the importance of collective action to protect future generations from tobacco addiction and its associated health risks, including cancer and cardiovascular diseases.

Schools and colleges will actively participate in the campaign to educate students about the dangers of tobacco.

The campaign will include interactive sessions and digital tools to engage youth in a tobacco-free lifestyle.

👉 Shankh Air, India's Newest Airline, Receives Approval from the Ministry of Civil Aviation (MoCA).

Shankh Air, India's newest airline, has received official approval from the Ministry of Civil Aviation (MoCA). This marks a significant milestone for the airline, which aims to enhance connectivity across various regions in the country. With a focus on customer service and modern fleet management, Shankh Air plans to offer a range of domestic routes, providing travelers with more options for their journeys. The airline is committed to implementing the highest safety standards and utilizing innovative technology to improve the flying experience. Shankh Air's launch is expected to boost the aviation sector and contribute to the growth of the travel industry in India.

Shankh Air aims to create job opportunities in the aviation sector, boosting local economies and supporting growth.

The airline plans to introduce eco-friendly initiatives, promoting sustainable travel and reducing its carbon footprint.

👉 According to the Periodic Labour Force Survey (July 2023 - June 2024) Kerala, Lakshadweep, and Andaman Lead in Youth Unemployment Rate.

According to the Periodic Labour Force Survey (PLFS) for July 2023 to June 2024, Kerala, Lakshadweep, and Andaman & Nicobar Islands have the highest youth unemployment rates in India. The survey highlights significant regional disparities in job opportunities for the youth, with these regions showing higher-than-average unemployment compared to the national level. Kerala's high literacy rate and skilled workforce contrast with its limited job creation, leading to higher joblessness among young people. The report underlines the urgent need for targeted employment programs and economic initiatives in these areas to address the growing issue of youth unemployment.

Government initiatives to promote entrepreneurship among youth could reduce unemployment in regions like Kerala and Lakshadweep.

Skill development programs tailored to regional industries are essential for improving job prospects for young people.

About Kerala,

CM: Pinarayi Vijayan

Capital: Thiruvananthapuram

👉 Indian Railways Launches Rail Rakshak Dal in North Western Zone for Swift Rescue Operations.

Indian Railways has launched the Rail Rakshak Dal in the North Western Zone to enhance safety and response times during emergencies. This specialized rescue team aims to provide swift assistance in case of accidents or natural calamities affecting rail operations. The initiative is part of a broader effort to ensure passenger safety and minimize response times in critical situations. Trained personnel will be deployed across the region, equipped with necessary tools and resources to conduct efficient rescue operations. This move reflects Indian Railways' commitment to improving safety measures and ensuring the well-being of its passengers during emergencies.

The Rail Rakshak Dal will conduct regular safety drills to enhance preparedness and efficiency during emergencies.

This initiative fosters community trust in Indian Railways by prioritizing passenger safety and prompt rescue services.

👉 India and Denmark Strengthen Maritime Ties with Focus on Green Shipping, Digitalization, and Sustainable Development.

India and Denmark have strengthened their maritime ties, focusing on green shipping, digitalization, and sustainable development. Both nations aim to collaborate on eco-friendly

maritime solutions to promote cleaner oceans and reduce carbon emissions. The partnership emphasizes innovation in shipbuilding, the use of renewable energy, and digital technologies to enhance efficiency in maritime operations. This cooperation aligns with global efforts to combat climate change and foster sustainable economic growth. By combining Denmark's expertise in green technologies with India's growing maritime infrastructure, the two countries seek to set an example for the world in sustainable maritime development and green shipping practices.

The partnership aims to enhance maritime security through collaboration on technology and information sharing between India and Denmark.

Joint initiatives will promote research and development in sustainable shipping practices to address environmental challenges effectively.

About Denmark,

Capital: Copenhagen

Prime minister: Mette Frederiksen

👉 Ministry of Labour and Employment(MoL&E) Increases Provident Fund Withdrawal Limit to ₹1 Lakh from ₹50,000.

The Ministry of Labour and Employment (MoL&E) has announced an increase in the Provident Fund (PF) withdrawal limit, raising it from ₹50,000 to ₹1 lakh. This decision aims to provide greater financial relief to employees during emergencies and encourage the utilization of retirement savings for urgent needs. The enhanced limit will allow workers to access a larger portion of their PF savings, thus easing their financial burdens. The ministry emphasized that this move aligns with the government's commitment to support workers and improve their financial security, especially in challenging times.

Increasing the PF withdrawal limit empowers workers to manage financial emergencies more effectively and access their savings easily.

This move reflects the government's ongoing efforts to enhance workers' welfare and ensure their financial stability.

About MoL&E,

Deputy Director General : Anil Kumar Sharma

Headquarters: Rafi Marg, New Delhi

👉 Department of Agriculture and Farmers' Welfare(DoA&FW) Releases 3rd Advance Estimates for FY24 on Area and Production of Various Horticulture Crops.

The Department of Agriculture and Farmers' Welfare (DoA&FW) has released the third advance estimates for the fiscal year 2024, detailing the area and production of various horticulture crops. These estimates provide crucial insights into the expected yields and the cultivation trends across different regions. The data highlights significant variations in production levels for crops such as fruits, vegetables, and spices, which are essential for both domestic consumption and export. This information is vital for farmers, policymakers, and stakeholders in the agricultural sector to make informed decisions and enhance productivity in horticulture.

Increased production of horticulture crops can lead to better income for farmers and boost the economy.

Improved data on crop yields helps in planning and resource allocation for effective agricultural practices.

About DoA&FW,

Minister : Shivraj Singh Chouhan

Headquarter : Krishi Bhawan in New Delhi

👉 Madhya Pradesh State Election Commission Conducts India's First Paperless Election.

In a groundbreaking move, the Madhya Pradesh State Election Commission (SEC) successfully conducted India's first paperless election. This historic event took place during the recent local body elections, where voters used electronic devices to cast their ballots, eliminating the need for traditional paper ballots. The initiative aims to enhance transparency, reduce wastage, and streamline the voting process. Voters received unique QR codes on their mobile devices, enabling secure and efficient voting. The SEC's innovative approach has set a precedent for future elections in the country, showcasing a commitment to leveraging technology for a more effective democratic process.

The paperless election reduces the risk of ballot tampering, ensuring a more secure voting environment for citizens.

This initiative encourages voter participation by making the voting process quicker and more accessible for everyone.

👉 Kerala, Tamil Nadu, and Jammu & Kashmir Emerge as Top Performers in Food Safety and Standards Authority of India's (FSSAI) State Food Safety Index 2023-24.

Kerala, Tamil Nadu, and Jammu & Kashmir have emerged as top performers in the State Food Safety Index 2023-24, released by the Food Safety and Standards Authority of India (FSSAI). The index evaluates the performance of states and union territories in ensuring food safety across parameters like compliance, food testing, and capacity building. Kerala topped among the larger states, while Tamil Nadu secured second place. Jammu & Kashmir led the rankings among smaller states and union territories. The index is part of FSSAI's ongoing efforts to promote food safety and maintain high standards in the country's food sector.

Kerala and Tamil Nadu's success reflects strong government initiatives aimed at improving food safety regulations.

Jammu & Kashmir's leadership among smaller states highlights its efforts to enhance food safety despite challenging conditions.

About FSSAI,

Chairperson: Apurva Chandra

Headquarters: New Delhi

👉 **CAG (Comptroller and Auditor General) of India Assumes Chairmanship of the Asian Organization of Supreme Audit Institutions (ASOSAI) for the 2024-27 Term.**

The Comptroller and Auditor General (CAG) of India has taken over as the Chair of the Asian Organization of Supreme Audit Institutions (ASOSAI) for the 2024-27 term. This significant appointment was announced during the 15th ASOSAI Assembly held in New Delhi, where representatives from various member countries gathered to discuss strategies for enhancing public sector auditing. The CAG emphasized the importance of collaborative efforts to promote transparency and accountability in government operations across Asia. Under India's leadership, ASOSAI aims to strengthen cooperation among member states and enhance the capacity of supreme audit institutions in the region.

Strengthening regional cooperation among audit institutions will enhance governance and promote best practices in financial management across Asia.

The CAG's leadership role is expected to drive initiatives focused on capacity building and knowledge sharing among member countries.

👉 **iBUS (International Business Solutions) Network Secures USD 34 Million from IFC (International Finance Corporation) for Global Expansion.**

iBUS (International Business Solutions) Network has secured USD 34 million from the International Finance Corporation (IFC) to fuel its global expansion plans. The funding aims to enhance the company's operational capabilities and market presence in various regions. With this investment, iBUS is poised to strengthen its services and infrastructure, catering to the growing demand for international business solutions. The collaboration with IFC underscores the company's commitment to innovation and excellence in providing tailored solutions to clients worldwide. iBUS's expansion will also contribute to job creation and economic growth in the regions it aims to serve.

The funding will enable iBUS to invest in innovative technologies, enhancing service delivery and efficiency for clients worldwide.

Expanding into new markets allows iBUS to diversify its offerings and better meet the needs of global businesses.

About IFC,

Managing Director : Makhtar Diop

Headquarters: Washington, D.C., United States

👉 **Jordan Becomes the First Country Globally to Receive WHO Verification for Eliminating Leprosy.**

Jordan has made history by becoming the first country in the world to receive verification from the World Health Organization (WHO) for eliminating leprosy. This significant achievement reflects Jordan's successful efforts in controlling and reducing leprosy cases to zero. The country's health authorities implemented comprehensive strategies, including awareness campaigns, early detection, and effective treatment programs. WHO's verification highlights the

importance of sustained commitment to public health initiatives and the potential for other nations to follow Jordan's lead in combating infectious diseases. This milestone serves as an inspiration for global efforts toward eliminating leprosy and improving overall health outcomes.

The elimination of leprosy in Jordan showcases the effectiveness of public health initiatives and community engagement.

This achievement emphasizes the importance of early detection and treatment in controlling infectious diseases globally.

About Jordan,

Capital: Amman

Prime minister: Jafar Hassan

👉 India Participates in G7 Ministerial Meeting on Culture in Naples, Italy.

India participated in the G7 Ministerial Meeting on Culture held in Naples, Italy, highlighting its commitment to international cultural cooperation. The meeting brought together representatives from the world's largest advanced economies to discuss the role of culture in promoting understanding and collaboration among nations. Topics included the impact of digital technology on culture and the importance of cultural heritage. The G7, comprising Canada, France, Germany, Italy, Japan, the United Kingdom, and the United States, focuses on addressing global economic challenges and fostering international dialogue on pressing issues such as climate change, security, and health.

Cultural exchange fosters mutual respect and understanding among nations, enriching societies and promoting peace globally.

Collaboration in culture can enhance tourism, boost economies, and strengthen diplomatic ties between countries.

About Italy,

Prime minister: Giorgia Meloni

Capital: Rome

👉 ICAIRE (International Center for Artificial Intelligence Research and Education) Designated as a UNESCO Category 2 Center at the Global AI Summit in Riyadh, Saudi Arabia.

At the Global AI Summit held in Riyadh, Saudi Arabia, the International Center for Artificial Intelligence Research and Education (ICAIRE) was officially designated as a UNESCO (United Nations Educational, Scientific and Cultural Organization) Category 2 center. This recognition underscores ICAIRE's commitment to advancing research and education in artificial intelligence globally. The summit brought together experts and leaders in the field to discuss the future of AI and its potential to address global challenges. ICAIRE aims to foster collaboration among nations and institutions, enhancing AI knowledge and promoting innovative solutions for sustainable development worldwide.

The recognition of ICAIRE highlights the growing importance of AI in global education and research initiatives.

This designation encourages international collaboration, paving the way for innovative AI solutions to tackle societal challenges.

👉 **According to SBI's Economic Research Department (ERD) Report, India's Population Growth is on a Downward Trajectory.**

According to the latest report from SBI's Economic Research Department (ERD), India's population growth is experiencing a downward trajectory. The report highlights various factors contributing to this trend, including declining fertility rates, increased awareness regarding family planning, and improved access to education and healthcare. As a result, projections indicate that India's population may peak sooner than previously anticipated, potentially reaching 1.5 billion by 2030. This shift in demographic dynamics could have significant implications for economic planning, labor markets, and social policies. Policymakers are urged to adapt to these changes to ensure sustainable development and resource management.

Declining population growth may ease pressure on resources, allowing for better allocation of food, water, and healthcare.

A smaller population can lead to increased job opportunities and improved living standards, fostering economic stability.

About SBI,

👉 **Syria Defeats India 3-0 to Win Their Maiden Intercontinental Cup 2024 Football Title.**

Syria clinched their maiden Intercontinental Cup football title by defeating India 3-0 in the final of the 2024 tournament. The match, held in Bhubaneswar, saw Syria dominate from the outset, securing a comfortable victory. With this win, Syria added their name to the prestigious list of champions in the competition's history. India, despite their strong performances in the earlier stages, struggled to match Syria's pace and tactics in the final. This triumph marked a significant achievement for Syrian football, highlighting their growing prowess on the international stage while leaving India to regroup for future tournaments.

Syria's victory reflects their growing strength in international football and a promising future for their team.

India must analyze their performance to improve and aim for better results in upcoming tournaments.

👉 Lay's Named Official Sponsor of FIFA World Cup 2026 and FIFA Women's World Cup 2027.

Lay's has been announced as the official sponsor of the FIFA World Cup 2026 and the FIFA Women's World Cup 2027. This partnership marks a significant step for Lay's as it continues to engage with football fans globally. The collaboration will include various promotional activities and campaigns leading up to the tournaments, showcasing Lay's commitment to the sport. As an iconic snack brand, Lay's aims to enhance the viewing experience for fans while celebrating the spirit of football. The sponsorship aligns with FIFA's efforts to elevate its global reach and create memorable moments for fans during these prestigious events.

Lay's aims to connect with diverse audiences by celebrating the love for football through its exciting sponsorship.

The sponsorship will create fun and engaging activities for fans, enhancing their overall experience during the tournaments.

👉 World pharmacists day is celebrated on 25 September 2024.

World Pharmacists Day was celebrated on September 25, 2024. This occasion recognized the crucial role pharmacists play in healthcare and their contributions to public health. The day aimed to raise awareness about the importance of pharmacists and their work. Various events were organized, including seminars, workshops, and health camps. Pharmacists provided information on the proper use of medications, disease prevention, and treatment options. The significance of this day lies in honoring the professionals working in pharmacies and appreciating their efforts in ensuring public health and safety.

Celebrating World Pharmacists Day highlights the vital role of pharmacists in promoting community health and wellness.

Engaging in educational activities fosters collaboration between pharmacists and the public for better health outcomes.

👉 Antyodaya diwas day is celebrating on 25 September 2024.

Antyodaya Diwas was celebrated on September 25, 2024, marking the significance of uplifting the poorest of the poor in society. This day, initiated by the Government of India, aims to promote the welfare of marginalized communities and ensure their inclusion in the socio-economic mainstream. Various events and programs were organized across the country to raise awareness about the government's initiatives for poverty alleviation and sustainable development. Leaders and officials emphasized the importance of collective efforts in empowering individuals and families to achieve self-sufficiency, thus contributing to the overall growth and development of the nation.

The celebration emphasizes the need for inclusive policies to support vulnerable groups and ensure equal opportunities for all.

Events on Antyodaya Diwas foster community participation, encouraging individuals to actively engage in poverty alleviation initiatives.

👉 **Union Minister Jyotiraditya M. Scindia Launches Ashtalakshmi Mahotsav Website in New Delhi.**

Union Minister Jyotiraditya M. Scindia launched the Ashtalakshmi Mahotsav website in New Delhi, aiming to promote the upcoming festival dedicated to Goddess Lakshmi. The event celebrates the importance of wealth and prosperity in Indian culture, featuring various cultural programs, exhibitions, and activities designed to engage the public and highlight traditional practices. Scindia emphasized the significance of the festival in fostering unity and cultural heritage among communities. The website will serve as a hub for information related to the festival, allowing visitors to stay updated on events, schedules, and other related activities as the celebration approaches.

The Ashtalakshmi Mahotsav aims to strengthen cultural ties and promote traditional values among people of all ages.

The website will enhance public participation, making it easier for families to engage in the festivities.

👉 **OECD (Organisation for Economic Co-operation and Development) Raises India's GDP Forecast to 6.7% for FY25 and 6.8% for FY26.**

The Organisation for Economic Co-operation and Development (OECD) has revised its GDP growth forecast for India, projecting an increase to 6.7% for the fiscal year 2025 and 6.8% for fiscal year 2026. This adjustment reflects the resilience of the Indian economy amidst global uncertainties and challenges. The OECD highlighted factors such as strong domestic demand and ongoing structural reforms as key drivers of growth. Additionally, the organization emphasized the importance of maintaining economic stability and pursuing inclusive policies to sustain this growth trajectory in the coming years. These forecasts position India as one of the fastest-growing major economies.

India's economic reforms are expected to attract more foreign investment, boosting job creation and innovation in various sectors.

The government's focus on infrastructure development will further enhance economic growth and improve living standards for citizens.

About OECD,

Secretary General: Mathias Cormann

👉 **Rashtriya Ispat Nigam Limited (RINL) Wins CII-Green Business Centre National Energy Leader Award for the Sixth Consecutive Year.**

Rashtriya Ispat Nigam Limited (RINL) has achieved a remarkable feat by winning the prestigious CII-Green Business Centre (CII-GBC) National Energy Leader Award for the sixth consecutive year. This recognition highlights RINL's commitment to energy efficiency and sustainable practices in the steel industry. The award, conferred by the Confederation of Indian Industry (CII), acknowledges organizations that demonstrate exemplary energy management and innovative initiatives to reduce carbon footprints. RINL's continuous efforts to enhance operational efficiency and adopt eco-friendly technologies have positioned it as a leader in the sector, setting benchmarks for others in the industry to follow.

RINL's achievement reflects its ongoing commitment to sustainability and innovation in the steel production process.

The award encourages other industries to adopt energy-efficient practices and contribute to a greener environment.

About RINL,

Founded: 1982

Headquarters: Visakhapatnam

👉 Karnataka, Gujarat, and Tamil Nadu Recognized as Major Beneficiaries of 1990s Economic Reforms by the Economic Advisory Council to the Prime Minister.

Karnataka, Gujarat, and Tamil Nadu have emerged as the major beneficiaries of the economic reforms initiated in the 1990s, according to a report by the Economic Advisory Council to the Prime Minister (EAC-PM). The reforms, which liberalized the Indian economy, played a pivotal role in driving growth and development in these states. Karnataka's technology sector flourished, Gujarat became a hub for manufacturing, and Tamil Nadu saw significant advancements in industries like textiles and automobiles. The report highlights how these states effectively utilized the opportunities presented by the reforms, contributing to their economic prosperity and setting benchmarks for others.

The economic reforms of the 1990s paved the way for increased foreign investment in India, enhancing growth prospects.

These states have created job opportunities through industrial development, improving living standards and overall economic conditions.

About Karnataka,

Chief minister: Siddaramaiah

Governor: Thawar Chand Gehlot

👉 World Alzheimer's day is celebrated on 21 September 2024.

World Alzheimer's Day was observed on September 21, 2024, to raise awareness about Alzheimer's disease and the impact it has on individuals and families. This year's theme focused on the importance of early detection and diagnosis, highlighting the need for better support systems for those affected. Events worldwide included educational workshops, health screenings, and community outreach programs aimed at informing the public about the

symptoms and challenges associated with Alzheimer's. Healthcare professionals and advocates emphasized the need for increased research funding and public understanding to improve care and support for patients and caregivers navigating this challenging condition.

Raising Awareness Educating communities about Alzheimer's can help reduce stigma and encourage families to seek early treatment.

👉 **International red panda day is celebrated on 21 September 2024.**

International Red Panda Day was celebrated on September 21, 2024, to raise awareness about the conservation of this endangered species. Events were held globally, focusing on educating the public about red pandas and their natural habitat, primarily found in the Eastern Himalayas and Southwestern China. Conservationists emphasized the threats posed by habitat loss and climate change, urging individuals and organizations to contribute to preservation efforts. Social media campaigns and fundraising events highlighted the importance of protecting red pandas, which are not only vital to their ecosystems but also beloved by people around the world. Community involvement was encouraged to support conservation initiatives.

Awareness campaigns help people understand the significance of red pandas in maintaining ecological balance and biodiversity.

👉 **According to the International Rhino Foundation's 2024 State of the Rhino Report, Greater One-Horned Rhinos Are Among the Most Vulnerable to Climate Change.**

According to the International Rhino Foundation's 2024 State of the Rhino Report, Greater One-Horned Rhinos are among the most vulnerable species to climate change. The report highlights that rising temperatures, habitat loss, and altered rainfall patterns threaten their survival. These rhinos, primarily found in India and Nepal, depend on specific ecosystems that are increasingly under stress due to climate impacts. Conservation efforts must adapt to these challenges, focusing on habitat protection and restoration. Urgent action is needed to ensure the future of these iconic animals and the ecosystems they inhabit, as their decline could have broader ecological implications.

Habitat degradation due to human activities exacerbates the threats faced by Greater One-Horned Rhinos.

Effective conservation strategies are crucial for mitigating climate impacts on rhino populations.

👉 **UN's first ever world cleanup day is celebrated on 20 September 2024.**

On September 20, 2024, the United Nations celebrated its inaugural World Cleanup Day, aiming to raise awareness about the global waste crisis and promote environmental sustainability. This initiative encourages individuals, communities, and organizations to come together to clean up

their local environments, highlighting the importance of collective action in tackling pollution. Events were organized worldwide, with volunteers participating in various cleanup activities, from beaches to urban areas. The UN emphasized that a cleaner planet is essential for the well-being of future generations and called for continued efforts in waste reduction and responsible consumption practices.

Global participation in cleanup activities fosters community engagement and environmental awareness across diverse regions and cultures.

The initiative emphasizes the role of education in promoting sustainable practices and reducing plastic waste worldwide.

👉 Mizoram CM Pu Laldhoma Launches "Bana Kaih" Scheme to Support Farmers and Entrepreneurs.

Mizoram Chief Minister Pu Laldhoma has launched the Bana Kaih scheme aimed at supporting farmers and entrepreneurs in the state. The initiative is designed to provide financial assistance and resources to enhance agricultural productivity and promote local businesses. During the launch, Laldhoma emphasized the importance of empowering the farming community and fostering entrepreneurship as key drivers of economic growth in Mizoram. The scheme will focus on sustainable practices and innovative techniques to boost agricultural output while encouraging young entrepreneurs to contribute to the state's development. This move is expected to improve livelihoods and strengthen the local economy.

The scheme will provide training programs to enhance farmers' skills and promote innovative agricultural techniques.

Financial support will be available for small businesses to encourage entrepreneurship in rural areas.

👉 World rivers day is celebrated on 22 September 2024.

World Rivers Day was celebrated on September 22, 2024, highlighting the importance of rivers in sustaining ecosystems and communities worldwide. The day aimed to raise awareness about the challenges faced by rivers, including pollution, climate change, and habitat destruction. Various events took place globally, including river clean-up initiatives, educational workshops, and community gatherings, encouraging people to take action to protect these vital water bodies. The theme for this year focused on sustainable river management, promoting collaboration among governments, organizations, and local communities to ensure the health and longevity of rivers for future generations.

Rivers play a crucial role in providing fresh water and supporting biodiversity essential for life on Earth.

Community engagement in river conservation fosters a sense of responsibility and encourages sustainable practices among residents.

👉 World rhino day is celebrated on 22 September 2024.

World Rhino Day was celebrated on September 22, 2024, highlighting the urgent need for conservation efforts to protect rhinoceros species from poaching and habitat loss. The day aims to raise awareness about the critical status of rhinos, particularly the African and Asian species. Events worldwide included educational programs, fundraising activities, and wildlife conservation workshops. Organizations and activists called for increased global collaboration to combat illegal wildlife trade and enhance protective measures in natural habitats. The celebration underscores the importance of preserving these majestic creatures for future generations and fostering biodiversity in ecosystems where they play a vital role.

Awareness campaigns play a vital role in educating communities about the importance of rhinos in ecosystems.

Collaborating with local communities can enhance conservation efforts and reduce human-wildlife conflict related to rhino habitats.

👉 **Aryabhata Research Institute of Observational Sciences (ARIES) and Bharat Electronics Limited (BEL) Sign MoU to Enhance Space Situational Awareness.**

Aryabhata Research Institute of Observational Sciences (ARIES) and Bharat Electronics Limited (BEL) have signed a Memorandum of Understanding (MoU) to enhance Space Situational Awareness (SSA). This partnership aims to improve the tracking of space objects, such as satellites and debris, to ensure the safety of space operations. By pooling their resources and expertise, ARIES and BEL will focus on building a robust framework for monitoring space activities, improving data collection, and contributing to global efforts in space safety. The collaboration is expected to strengthen India's capabilities in space research and technological innovation for future space missions.

Collaboration between ARIES and BEL will foster advancements in satellite technology, boosting India's position in the global space arena.

The MoU emphasizes the importance of safety in space, promoting responsible practices for future space exploration missions.

👉 **Marxist Leader Anura Kumara Dissanayake Sworn in as the 9th President of Sri Lanka.**

Marxist leader Anura Kumara Dissanayake has been sworn in as the 9th President of Sri Lanka, marking a significant moment in the country's political landscape. His ascension comes amidst ongoing economic challenges and social unrest in the nation. Dissanayake, representing the Janatha Vimukthi Peramuna (JVP) party, aims to implement policies focused on social equity, economic recovery, and strengthening democratic institutions. In his inaugural address, he emphasized unity and the need for collaborative efforts to overcome the current crises. As he steps into this crucial role, Dissanayake's leadership will be closely watched by both supporters and critics alike.

Anura Kumara Dissanayake's leadership offers hope for addressing pressing issues like poverty and unemployment in Sri Lanka. His presidency could foster a new era of political dialogue and collaboration among various parties in the nation.

👉 **Air Marshal Amar Preet Singh Appointed as Next Chief of Indian Air Force.**

Air Marshal Amar Preet Singh has been appointed as the next Chief of the Indian Air Force (IAF), succeeding Air Chief Marshal Vivek Ram Chaudhari. The announcement was made by the Ministry of Defence and is set to take effect on September 30, 2024. Air Marshal Singh, a distinguished fighter pilot, has held various key positions during his service, including Deputy Chief of the Air Staff and Director General of the IAF's Air Operations. His extensive experience and leadership qualities are expected to guide the IAF in its strategic initiatives and modernization efforts in the coming years.

Air Marshal Amar Preet Singh's leadership will enhance the IAF's operational readiness and modernization initiatives for national security.

His extensive experience in air operations will help strengthen India's defense capabilities in an evolving geopolitical landscape.

👉 **Union Finance Minister Nirmala Sitharaman Launches "NPS Vatsalya" a Pension Scheme for Minors under the National Pension System (NPS) in New Delhi.**

Union Finance Minister Nirmala Sitharaman launched NPS Vatsalya, a new pension scheme for minors, in New Delhi. The initiative aims to provide financial security for children, enabling them to accumulate savings from a young age. Under the National Pension System (NPS), the scheme will allow parents or guardians to invest on behalf of their children, ensuring a stable income source when they reach adulthood. This program is part of the government's broader efforts to promote financial literacy and inclusion among the youth. Sitharaman emphasized the importance of early savings for future financial stability.

The NPS Vatsalya scheme encourages responsible financial planning for children, fostering a habit of saving early in life.

This initiative aims to enhance financial security for minors, promoting their future well-being and independence.

👉 **Harini Amarasuriya Sworn in as the 16th Prime Minister of Sri Lanka.**

Harini Amarasuriya has officially taken office as the 16th Prime Minister of Sri Lanka, marking a significant moment in the country's political landscape. Her swearing-in ceremony was attended by various dignitaries and government officials, who expressed their support for her leadership. Amarasuriya, a prominent figure in the political arena, aims to address the pressing issues facing the nation, including economic challenges and social unrest. Her appointment reflects a commitment to progressive governance and inclusivity. As the first female Prime Minister of Sri Lanka, she hopes to inspire future generations and foster unity among the diverse populace.

Harini Amarasuriya's leadership is expected to bring fresh perspectives and innovative solutions to Sri Lanka's challenges.

Her historic appointment paves the way for greater representation of women in Sri Lankan politics.

About Sri Lanka,

President: Anura Kumara Dissanayake

Currency: Sri Lankan Rupee

👉 Government Approves Sale of Ferro Scrap Nigam Ltd to Japanese Firm Konoike Transport for Rs 320 Crore.

The Indian government has approved the sale of Ferro Scrap Nigam Ltd (FSNL) to the Japanese firm Konoike Transport for Rs 320 crore. This strategic move aims to enhance the operational efficiency of FSNL, which specializes in scrap processing and recycling. Konoike Transport is expected to bring advanced technology and expertise, helping FSNL expand its capabilities in the scrap metal industry. The sale is part of the government's broader initiative to attract foreign investment and boost the country's recycling sector. Officials believe this partnership will create job opportunities and contribute to sustainable development in the region.

The acquisition by Konoike Transport will modernize FSNL's infrastructure, promoting efficient recycling practices in India.

This deal signals a positive trend in foreign investment, encouraging other international firms to explore opportunities in India.

👉 Team India Wins Gold in Both Open and Women's Events at the 45th FIDE (Fédération Internationale des Échecs) Chess Olympiad 2024 in Budapest.

Team India achieved remarkable success at the 45th FIDE (Fédération Internationale des Échecs) Chess Olympiad 2024 held in Budapest, clinching gold medals in both the Open and Women's events. The Open team, led by captain Viswanathan Anand, demonstrated exceptional skill and strategy, defeating strong international competitors. Meanwhile, the Women's team showcased their prowess, with standout performances from players like Koneru Humpy and Tania Sachdev. This historic victory marks a significant milestone for Indian chess, reflecting the nation's growing prominence in the sport. Both teams' triumphs have inspired a new generation of chess enthusiasts across the country.

India's performance at the Olympiad showcases the country's commitment to developing chess talent at all levels.

This victory encourages more young players to take up chess, fostering a bright future for the sport in India.

About FIDE,

President: Arkady Dvorkovich

Headquarters: Lausanne, Switzerland

👉 World car-free day is celebrated on 22 September 2024.

World Car-Free Day was celebrated on September 22, 2024, promoting sustainable transportation and raising awareness about the environmental impact of vehicle emissions. Cities around the globe participated by organizing events encouraging people to walk, cycle, or use public transport instead of driving. The day aimed to inspire individuals and communities to adopt greener habits, reduce air pollution, and alleviate traffic congestion. Many local governments offered free public transport services and set up car-free zones to facilitate the celebration. By prioritizing eco-friendly travel options, World Car-Free Day highlighted the importance of protecting our planet and improving urban living conditions.

Promoting walking and cycling can improve public health and reduce traffic-related accidents significantly.

Implementing more pedestrian-friendly areas can enhance community interaction and create safer environments for everyone.

👉 National Service Scheme (NSS) day is celebrated on 24 September 2024.

On September 24, 2024, the National Service Scheme (NSS) Day was celebrated across India to honor the contributions of the NSS in promoting social responsibility among youth. Established in 1969, NSS aims to engage students in community service and awareness programs, fostering a spirit of volunteerism and civic engagement. Various activities were organized by educational institutions, including health camps, cleanliness drives, and workshops focused on social issues. The celebration emphasized the importance of youth participation in nation-building and encouraged students to contribute positively to society, thereby strengthening the bond between them and their communities.

Engaging in community service through NSS helps students develop leadership skills and a sense of empathy for others.

NSS encourages students to take initiative and become active participants in addressing societal challenges in their communities.

👉 National Logistics Development and Standardization Laboratory (NLDSL) Unveils ULIP (Unified Logistics Interface Platform) Logistics Hackathon 2.0 and Launches 'Track Your Transport' App.

The National Logistics Development and Standardization Laboratory (NLDSL) has launched the ULIP (Unified Logistics Interface Platform) Logistics Hackathon 2.0, aiming to foster innovation in the logistics sector. This initiative encourages participants to develop solutions that enhance the efficiency and effectiveness of logistics operations. Additionally, NLDSL introduced the "Track Your Transport" app, designed to provide real-time tracking of goods in transit, ensuring transparency and improving customer service. This dual initiative reflects NLDSL's commitment to advancing logistics practices and leveraging technology to streamline operations in India's growing logistics industry.

The hackathon provides a platform for startups and innovators to showcase their logistics solutions, fostering collaboration in the industry.

The "Track Your Transport" app enhances customer experience by allowing users to monitor shipments and receive timely updates.

👉 **Bollywood Producer Vinod Bachchan Honored with Global Prestige Award at UK Parliament**

Bollywood producer Vinod Bachchan has been honored with a prestigious global award at the UK Parliament for his significant contributions to the film industry. The ceremony recognized his efforts in promoting Indian cinema on an international scale. Bachchan expressed gratitude for the recognition, stating that it motivates him to continue his work in the industry. He emphasized the importance of cultural exchange through cinema and its ability to bring people together. The award underscores Bachchan's dedication to enhancing the global presence of Bollywood and inspiring future filmmakers to reach greater heights.

Recognition at international platforms boosts the visibility of Indian cinema, encouraging more collaboration between filmmakers worldwide.

Awards like these inspire emerging artists to pursue their passion and contribute to the growth of the film industry.

👉 **Jitendra J. Jadhav Assumes Charge as Director General of Aeronautical Development Agency(ADA).**

Jitendra J. Jadhav has officially assumed charge as the Director General (DG) of the Aeronautical Development Agency (ADA). In this crucial role, Jadhav will oversee the development and enhancement of India's aeronautical technologies, focusing on innovative solutions for the country's defense and civil aviation sectors. His leadership is expected to drive advancements in indigenous aircraft and drone technologies, contributing significantly to India's self-reliance in aerospace. Jadhav brings extensive experience in aeronautics and defense research, making him well-suited to guide ADA in its mission to strengthen India's position in the global aerospace industry.

Jitendra J. Jadhav's leadership will enhance collaboration between government and private sectors in aeronautical advancements. His appointment signals a strong commitment to boosting India's aerospace capabilities and reducing dependency on imports.

👉 **International day of peace is celebrated on 21 September 2024.**

On September 21, 2024, the International Day of Peace was celebrated worldwide, emphasizing the importance of global harmony and non-violence. This year's theme focused on promoting peaceful coexistence and fostering understanding among diverse communities. Events were organized across various nations, including peace marches, educational programs, and cultural exchanges, aimed at raising awareness about the significance of peace. Leaders and organizations highlighted the need for collective action to address conflicts and promote

reconciliation. As nations came together to honor this day, the message was clear: peace is essential for sustainable development and a better future for all.

Promoting education on peace helps future generations understand the value of harmony and conflict resolution.

Engaging communities in peace-building activities fosters unity and strengthens relationships among diverse groups.

👉 **International coastal cleanup day is celebrated on 21 September 2024.**

International Coastal Cleanup Day was celebrated on September 21, 2024, with volunteers across the globe gathering to clean coastlines and raise awareness about marine pollution. Initiatives took place in numerous countries, where communities joined hands to remove trash from beaches and waterways, highlighting the importance of protecting marine ecosystems. This year's theme focused on reducing plastic waste and promoting sustainable practices. Participants engaged in educational activities, emphasizing the impact of litter on marine life and the environment. The event aimed to inspire individuals to take action in their local areas, fostering a collective commitment to preserving our oceans for future generations.

Community involvement in coastal cleanup fosters a sense of responsibility towards the environment and strengthens local bonds.

Educational programs during cleanup events empower individuals to make informed choices about waste management and conservation.

👉 **Film Federation of India (FFI) Announces Kiran Rao's "Laapata Ladies" as India's Official Entry for Oscars 2025.**

The Film Federation of India (FFI) has officially announced that Kiran Rao's film "Laapata Ladies" will represent India at the Oscars 2025. This marks a significant moment for Indian cinema, as Rao's film, which delves into themes of identity and empowerment, aims to captivate a global audience. The selection of "Laapata Ladies" reflects FFI's commitment to showcasing diverse narratives and talent from India on an international platform. Kiran Rao, known for her unique storytelling and cinematic vision, expressed gratitude for this opportunity, hoping the film resonates with audiences worldwide and garners recognition at the prestigious awards.

Kiran Rao's selection highlights the growing recognition of Indian filmmakers on the international stage, showcasing unique storytelling.

"Laapata Ladies" reflects the rich diversity of Indian culture, aiming to engage and inspire audiences worldwide.

👉 **Rhea Singha from Gujarat Crowned Miss Universe India 2024.**

Rhea Singha from Gujarat has been crowned Miss Universe India 2024, earning recognition for her beauty, poise, and advocacy for social causes. The grand finale took place in a dazzling ceremony, where contestants from across the country showcased their talents and unique personalities. Rhea, a model and a passionate advocate for environmental sustainability,

expressed her gratitude for the opportunity to represent India on an international platform. She aims to raise awareness about pressing social issues, including climate change and women's empowerment, during her reign. With this title, Rhea is set to compete at the upcoming Miss Universe pageant later this year.

Rhea Singha's victory highlights the growing importance of youth representation in beauty pageants and social advocacy.

Her commitment to environmental issues inspires young women to engage in community service and promote sustainable practices.

👉 **Appointments Approved by the Appointment Committee of the Cabinet Alok Ranjan as Director of the National Crime Records Bureau (NCRB) and Amit Garg as Director of the Sardar Vallabhbhai Patel National Police Academy (SVPNPA).**

The Appointment Committee of the Cabinet (ACC) has approved significant appointments in the Indian police services. Alok Ranjan has been appointed as the Director of the National Crime Records Bureau (NCRB), where he will oversee the management and analysis of crime data across the country. Meanwhile, Amit Garg has been appointed as the Director of the Sardar Vallabhbhai Patel National Police Academy (SVPNPA), responsible for training and developing future leaders in policing. These appointments aim to enhance the efficiency and effectiveness of law enforcement in India, addressing the evolving challenges within the security landscape.

The ACC's decisions reflect a commitment to strengthening law enforcement agencies in India for better public safety.

These appointments are crucial for improving crime data management and enhancing police training standards across the country.

About SVPNPA,

Founded: 15 September 1948

Director: Amit Garg

👉 **Russian Soyuz Capsule Successfully Brings Back Three Crew Members from the International Space Station (ISS).**

A Russian Soyuz capsule successfully returned three crew members from the International Space Station (ISS) on September 26, 2024. The capsule, named Soyuz MS-24, landed safely in Kazakhstan, marking the end of the crew's six-month mission aboard the ISS. The astronauts included two from NASA and one from the European Space Agency. Their time on the ISS involved conducting various scientific experiments and maintenance tasks. The safe return highlights the ongoing collaboration between international space agencies in advancing human space exploration and research, ensuring a continued presence in low Earth orbit.

The successful return demonstrates Russia's commitment to maintaining a reliable transportation system for crewed space missions.

Collaborative efforts among international space agencies enhance scientific research and pave the way for future explorations.

👉 DRDO Transfers High-Altitude Sustenance Technologies to Power Grid Corporation of India Ltd(PGCIL).

The Defence Research and Development Organisation (DRDO) has transferred high-altitude sustenance technologies to the Power Grid Corporation of India Ltd(PGCIL). This collaboration aims to enhance the efficiency and reliability of power supply in challenging high-altitude regions. The technologies developed by DRDO are expected to support the establishment of resilient power infrastructure in remote areas, ensuring uninterrupted energy access. This transfer is a significant step towards integrating advanced defence innovations into civilian applications, ultimately contributing to national development and energy security. The initiative reflects DRDO's commitment to fostering partnerships with public sector enterprises for broader societal benefits.

About DRDO,

Chairman: Sameer V. Kamat
Headquarters: New Delhi

👉 Uttarakhand CM Pushkar Singh Dhami Releases Book Titled 'Khaki Mein Sthitapragya'.

Uttarakhand Chief Minister Pushkar Singh Dhami recently launched a book titled "Khaki Mein Sthitapragya." The book, which delves into the themes of valor and wisdom within the police force, aims to highlight the crucial role of law enforcement in society. During the launch event, Dhami emphasized the importance of police personnel in maintaining peace and order and praised their dedication and service. He expressed hope that the book would inspire current and future generations of officers. The initiative is part of the government's effort to recognize and celebrate the contributions of the police in safeguarding citizens and upholding justice.

The book aims to foster a better understanding of the police's challenges and responsibilities in society.

Such initiatives can boost the morale of police personnel, encouraging them to perform their duties with dedication.

About Uttarakhand,

Chief minister: Pushkar Singh Dhami
Governor: Gurmit Singh

👉 Governor of Tamil Nadu, R.N. Ravi, Releases 'Sri Rama in Tamilagam: An Inseparable Bond' by Dr. D.K. Hari and Dr. D.K. Hema Hari.

Tamil Nadu Governor R.N. Ravi recently unveiled the book titled Sri Rama in Tamilagam: An Inseparable Bond, authored by Dr. D.K. Hari and Dr. D.K. Hema Hari. The event highlighted the deep-rooted cultural connections between Lord Rama and the Tamil region, emphasizing their significance in Tamil history and traditions. During the launch, Ravi praised the authors for their extensive research and dedication in capturing the essence of this bond. He expressed hope that the book would inspire readers to explore and appreciate the cultural heritage of Tamil Nadu, fostering a greater understanding of the state's historical ties to Lord Rama.

The book explores the cultural significance of Lord Rama in Tamil Nadu, enriching regional history and traditions.

The launch event encourages discussions about preserving Tamil heritage and fostering pride in the region's ancient roots.

👉 **World rose day for cancer patients is celebrated on 22 September 2024.**

World Rose Day for cancer patients is celebrated on September 22, 2024. This day is dedicated to spreading awareness about cancer and providing support to those affected by the disease. It serves as a reminder of the strength and resilience of cancer warriors. Roses symbolize love, hope, and encouragement, making them a fitting emblem for this occasion. Various activities, including awareness campaigns and community events, were organized worldwide to honor patients and their families. The day encourages people to show compassion and kindness, fostering a supportive atmosphere for those battling cancer and highlighting the importance of early detection and treatment.

Support systems play a crucial role in helping cancer patients cope with their challenges. Family and friends can make a difference.

Raising awareness about cancer prevention and treatment options can lead to earlier diagnoses and better survival rates.

👉 **According to Standard & Poor's (S&P) Global report, India is on track to become the world's third largest economy by FY31 and the annual growth rate is estimated at 6.7%.**

According to the Standard & Poor's (S&P) Global Report, India is projected to become the world's third-largest economy by the fiscal year 2031. The report highlights that the country is on a robust growth trajectory, with an expected annual growth rate of 6.7%. This growth is attributed to various factors, including a youthful population, increasing foreign investments, and structural reforms aimed at enhancing productivity. The report emphasizes that sustained economic growth will be crucial for India to achieve this milestone, positioning it as a key player in the global economy in the coming years.

India's strong growth potential can attract more global businesses, boosting job creation and innovation in various sectors.

Continued investments in infrastructure and technology are essential for India to maintain its economic momentum and competitiveness.

👉 **To strengthen India-Kuwait relations, Indian Council for Cultural Relations (ICCR) and Gulf University of Science and Technology (GUST) signed MoU for teaching Hindi.**

In a significant step to strengthen India-Kuwait relations, the Indian Council for Cultural Relations (ICCR) and the Gulf University of Science and Technology (GUST) have signed a

Memorandum of Understanding (MoU) to promote Hindi language education. This initiative aims to enhance cultural ties and foster better understanding between the two nations. Through this collaboration, GUST will offer Hindi language courses, enabling students in Kuwait to learn the language and appreciate Indian culture. The agreement reflects the commitment of both institutions to enhance academic cooperation and deepen people-to-people connections between India and Kuwait.

Strengthening cultural exchanges between India and Kuwait can lead to increased tourism and business opportunities for both nations.

Teaching Hindi in Kuwait will help foster better communication and understanding among Indian expatriates and the local population.

👉 Indian Council of Medical Research (ICMR) Receives UN Inter-Agency Task Force Award for Controlling Non-Communicable Diseases.

The Indian Council of Medical Research (ICMR) has been honored with the UN Inter-Agency Task Force Award for its outstanding efforts in controlling non-communicable diseases (NCDs). This recognition highlights ICMR's commitment to public health and its innovative strategies in addressing the rising burden of NCDs, which include cardiovascular diseases, diabetes, and cancer. The award underscores the importance of collaboration and shared responsibility among global health agencies in tackling these critical health issues. ICMR's initiatives have not only improved health outcomes in India but also serve as a model for other countries in managing non-communicable diseases effectively.

ICMR's initiatives include public awareness campaigns to educate communities about preventing non-communicable diseases effectively.

The award reflects global recognition of India's role in addressing public health challenges related to NCDs.

👉 ACC approved the appointment of Anurag Garg as the new Director General of NCB.

The Appointments Committee of the Cabinet (ACC) has approved the appointment of Anurag Garg as the new Director General (DG) of the Narcotics Control Bureau (NCB). Garg, a seasoned officer with extensive experience in law enforcement and anti-narcotics operations, will take over the role amidst increasing challenges related to drug trafficking and abuse in India. His appointment is expected to strengthen the NCB's efforts in combating drug-related crimes and enhancing coordination with international agencies. Garg's leadership will be pivotal in implementing new strategies to tackle the evolving drug landscape and ensuring effective

enforcement of narcotics laws.

Anurag Garg aims to enhance inter-agency collaboration to effectively address drug trafficking challenges. His experience is expected to improve the NCB's operational efficiency and investigative capabilities.

👉 Bellatrix Aerospace Unveils Project 200, A Satellite Designed for Ultra Low Earth Orbit (ULEO) Operations at 180-250 km.

Bellatrix Aerospace has officially launched Project 200, introducing a cutting-edge satellite designed to operate in Ultra Low Earth Orbit (ULEO) at altitudes of 180-250 km. This innovative satellite aims to enhance communication and data transmission capabilities, offering significant advantages for various applications, including Earth observation and scientific research. The project underscores Bellatrix Aerospace's commitment to advancing space technology and providing reliable solutions for clients in the aerospace sector. With Project 200, the company seeks to pave the way for more efficient and sustainable satellite operations, marking a significant milestone in the evolution of low Earth orbit missions.

Project 200 aims to support advanced satellite technologies for enhanced data accuracy and faster communication in ULEO.

The satellite will contribute to environmental monitoring and disaster management by providing real-time data from low Earth orbit.

👉 Union Minister Nitin Gadkari Launches Book "Ranadhurandhar Shahajiraje Bhosale" by Amar Yuvraj Dangat.

Union Minister Nitin Gadkari recently launched the book "Ranadhurandhar Shahajiraje Bhosale," authored by Amar Yuvraj Dangat. The event highlighted the significance of the Maratha warrior king, Shahaji Raje Bhosale, and his contributions to Indian history. Gadkari praised the book for its in-depth research and storytelling, emphasizing the importance of preserving cultural heritage. Dangat expressed his gratitude to the minister and shared his inspiration for writing about Shahaji Raje's life. The launch attracted historians, scholars, and literature enthusiasts, who appreciated the effort to shed light on the legacy of this influential figure in Maratha history.

The book emphasizes Shahaji Raje Bhosale's role in the Maratha empire's establishment and growth.

The launch event featured discussions on the importance of preserving historical narratives for future generations.

👉 **Telangana Announces September 17 as Praja Palana Day.**

The Telangana government has officially declared September 17 as "Praja Palana Day," honoring the commitment to good governance and public welfare. This decision reflects the state's dedication to celebrating its rich history and the efforts made in promoting transparency, accountability, and citizen participation in governance. Chief Minister K. Chandrashekar Rao emphasized the importance of recognizing the contributions of public servants and the role of citizens in shaping a better society. Various events and activities will be organized across the state to mark this occasion, fostering awareness about governance initiatives and encouraging active civic engagement among the populace.

The celebration aims to strengthen community involvement in governance and highlight the importance of citizen participation.

Events will feature workshops and discussions on effective governance practices and their impact on local development.

👉 International day of sign languages is celebrated on 23 September 2024.

On September 23, 2024, the International Day of Sign Languages was celebrated globally, highlighting the importance of sign languages in fostering inclusivity and accessibility for the deaf community. This year's theme focused on promoting awareness of sign languages and their role in enhancing communication, education, and social participation for individuals with hearing impairments. Events included workshops, educational sessions, and performances, aimed at bridging the gap between hearing and deaf individuals. The day emphasized the need for governments and organizations to recognize and support the use of sign languages, ensuring that all individuals can communicate effectively and participate fully in society.

Celebrating sign languages promotes diversity and encourages better understanding among different communities, fostering empathy and respect.

Recognizing sign languages in legal frameworks empowers the deaf community, ensuring their rights and accessibility in society.

👉 Anushka Sen Honored by South Korean Government for Strengthening India-Korea Relations.

Indian actress Anushka Sen has been honored by the South Korean government for her significant contributions to strengthening India-Korea relations. The recognition highlights her role in promoting cultural exchange and fostering goodwill between the two nations. Anushka has been actively involved in various initiatives that bridge the gap between Indian and Korean cultures, including her participation in projects and events that celebrate both heritages. Her efforts have not only garnered appreciation from fans but also caught the attention of diplomatic circles, marking her as a cultural ambassador. This accolade further emphasizes the growing ties between India and South Korea.

Anushka Sen's achievements inspire young artists to engage in cultural diplomacy and promote international friendships through art.

This honor reflects the growing collaboration between India and South Korea in entertainment, enhancing cultural ties and mutual understanding.
